Subject: Notice of intent to amend Federal Laser Product Performance  
Standard 21CFR Part 1040.

Docket No: 93 N-0044

Xerox Corporation is a purchaser of laser and laser systems for use in  
Certified laser products. The US Laser Product Performance and IEC 825  
(International **Electrotechnical** Commission) are used for product  
certification.

The **ANSI Z136.1** (American National Standard Institute) and **IEC 825** Part 3  
are used to **develop** and assure working conditions.

As a user of **all** three **laser** safety documents, we support the effort by FDA  
of harmonization with the IEC and ANSI documents.

**We recommend and encourage expedience in this effort.**

Regards,

H. David Edmunds  
Product Safety Engineer
